Ohio House Health Committee Appointments spell trouble for Medical Freedom

COMMUNITY FEATURED LOCAL NEWS

January 27, 2025

Speaker Huffman has appointed 3 Republicans that support allowing private sector vaccine mandates to try to ensure the Ohio Advocates for Medical Freedom would be outnumbered when trying to pass the Conscientious Right to Refuse vaccination bill. (Note: The Speaker also appoints Democrat members "with Minority Leader recommendation". Every Democrat appointed to this Health Committee would be a resounding no on any of our medical freedom bills.)

House Health Committee:

- Chair: Jean Schmidt
- Vice Chair: Kellie Deeter
- Tim Barhorst
- Jennifer Gross
- Angie King
- Melanie Miller

Merideth Craig – Previous Health policy lobbyist for the OH Chamber of Commerce, Supports allowing private sector vaccine mandates

Brian Stewart – Supports allowing private sector vaccine mandates

Andrea White – Supports allowing all vaccine mandates

Somani (D) Voted NO on HB 73

Grim (D) Voted NO on HB 73

Baker (D) Voted NO on HB 73

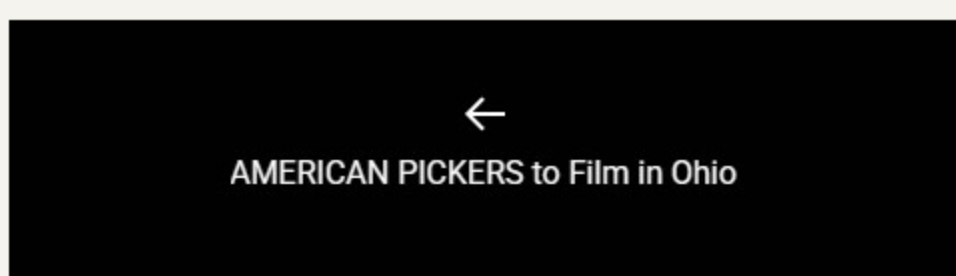

Brownlee (D) – New member "priorities include the health and safety of all Ohioans"

Recently "Moderna was awarded nearly \$590 million from the federal government to help speed up the development of an mRNA-based bird flu vaccine, alongside other influenza vaccines". MORE private sector MANDATES WILL BE COMING. Many will affect OH FARMERS!

Unless Wayne County citizens can generate enough in district pressure on Meredith Craig to force her vote, Huffman has secured that the CR2R vaccine choice bill will never leave committee.

About Ohio Advocates for Medical Freedom: OAMF is a 501(c)(4) advocating for your right to choose or refuse any medical treatment or procedure. We keep you up to date on legislative calls-to-action affecting your freedom, & provide OH citizens with a medical freedom voter guide each election.
