

## **Good Faith Complaints Against NC State Bar Attorney(s) and/or Officer(s)**

These persons and organizations have recently submitted good-faith complaints to the NC State Bar Grievance Committee against one or more NC State Bar attorneys and/or officers, with clear evidence supporting their complaints. The Bar has ignored or dismissed them, in direct defiance of the obvious conflict of interest—State Bar attorneys cannot, of course, lawfully investigate complaints against themselves:

2. Ohio Advocates for Medical Freedom (<https://ohioamf.org/>) (link is to organization's website)
3. West Virginians for Health Freedom (<https://wvforhealthfreedom.com/>) (link is to organization's website)
4. U.S. Health Consortium (<http://ushealthconsortium.org>) (link is to the organization's website)
5. Learn the Risk (<https://www.learntherisk.org>) (link is to the organization's website)
6. Anonymous (by request)

These complaints must be assessed by an independent, outside committee or parallel process! Please sign our Petition for Attorneys (<https://www.change.org/p/investigate-the-nc-bar>) or Petition for Non-Attorneys (<https://www.change.org/p/no-attorney-is-above-the-law>). Thank you!
